Wildlife Week Celebration 2011 at Tata Steel Zoological Park, Jamshedpur

Every year, Tata, Jamshedpur celebrates Wildlife Week and this year did with the same enthusiasm from 2-9 October with different theme based programmes. It was inaugurated on 2 October by Mr. K. K. Chatterjee IFS, Rg CCF, Jharkhand. Nearly 500 students from 40-50 schools participated. Prizes for winners of competitions included cash prize, trophy or mementos and given certificate. The programmes were based on three major campaigns as suggested by WAZA and ZOO: International Year of Forests (2011), Year of the Bat (2011-2012), and the UN Decade on Biodiversity (2011-2020). Tata Zoo designed all the activities accordingly. The theme of the Essay Writing competition was "Forest a necessity for survival of humankind". Similarly debate and Quiz competitions were

Students making colourful bear posters at the TATA zoo programme

theme based : "Bats- nuisance species or service provider in ecosystem". Quiz topic was "Biodiversity and Indian Wildlife". Standard VI- VII was allotted the topic Sloth bear in the Forest. The children enjoyed the informative educational materials provided by the Zoo Outreach Organization. Sponsors were SMV Beverages PEPSI, Chhaganlal Dayaljee, Lions Club of Jamshedpur Steel City, Rotary Club of Jamshedpur Steel City, Inner Wheel

Club of Jamshedpur, private citizens and others. **Submitted by: S. K. Mahato, Curator. Email: skmahato196@rediffmail.com**

RMNH, Bhopal, MP – Amphibian, Bat, Bear and Elephant Awareness programmes

Regional Museum of Natural History, Bhopal organized two awareness

Students encouraged to support refuse bear dancing by committing themselves at the RMNH, Bhopal

programmes on "Bats & Biodiversity and Frogs are part of Biodiversity" at "Pragya School, Rajharsh Colony" on 18 October 2011. Eighty enthusiastic students from class 9-12 participated in this programme and expressed their solidarity towards animal welfare. Biological control was the buzzword. Besides, programme on "Bears, Forests & Biodiversity and Elephant

Etiquette" was organized in the same school on 20 October 2011. Sixty enthusiastic students from class 5-8 participated in this programme and expressed their solidarity towards animal welfare. Shri. Manik Lal Gupta, Museum Assistant gave a detailed lecture on bats, their characteristics, and their ecological role in regeneration of forests and biological

control. Similarly, Frogs are part of Biodiversity" and appealed to students to protect their habitat and avoid using pollutants. He related much information about bear conservation and the specific use of their claws and nose. Students were encouraged to refuse to support bear dancing and also purchase materials made of bear products. Elephants were also covered and student warned never to go close to elephant. Study materials received from Zoo Outreach Organisation, e.g., mask, posters and booklets were used. **Submitted by Dr. S. Sethuramalingam, Scientist- E, RMNH, Bhopal. Email: rmnhsethu@bsnl.in**

Wildlife Week 2011 with the support of ZOO - Activity Report

WWF-India, Kerala State Office observed Wildlife Week 2011 with the support of Zoo Outreach Organization (ZOO) at KPSMMV HSS, Palakkad on 7 October with the participation of around 150 students from nearby five schools. The event included awareness sessions, wildlife quiz, painting, and essay writing competitions for all students. The event was inaugurated

The role of bats in ecological restoration and other facts elucidated in a dedicated bat awareness programme

by Mr. S. Guruvayurappan, South India Coordinator, Wildlife Protection Society of India (WPSI). He also led the technical session on Wildlife of Kerala. All the participants were provided with the education materials on bats, bears, and amphibians etc. from the Zoo Outreach Organization (ZOO), Coimbatore. Posters also were exhibited at the venue and distributed to participated schools for their notice board. **Submitted by: A.K. Sivakumar, Email: sivanpalode@gmail.com**

Wildlife Celebration in Goa by the Wildlife and Eco-Tourism Division

Wildlife Week was celebrated by Wildlife and Eco-Tourism (South) Division with a variety of programmes. The two hundred packets supplied by ZOO along with our own material was very much useful in organizing the celebration. The Division, which has jurisdiction of two Wildlife Sanctuaries i.e., Cotigao Wildlife Sanctuary and Netravali Wildlife Sanctuary conducted various programmes during the week including nature camps for students in these sanctuaries. On 04 October a nature camp for students of Government High School Netravali Sanguem was arranged. A total of 51 School Children and 3 teachers from 5-9 standard attended the camp. During a daylong programme, slide show and on the spot drawing competition based on forestry and wildlife and snakes awareness programme were arranged and the prizes were awarded. The different educational material supplied by Zoo Outreach Organisation was distributed to the students and they were very much useful for the students to know more about wildlife and forest. On 05 October a Nature Camp for students of Shri Shradanand High School Poigunim was conducted for 53 students. A daylong programme raising awareness regarding forestry and wildlife as well as quiz programmes and identification of birds were conducted among the students and prizes were awarded. **Submitted by: Ramesh N Desai, Asst. Conservator of Forests, Wildlife & Eco-Tourism (South), Margao, Goa.**

WWF-India, Kerala observed WLW at KPSMMV HSS in Palakkad. Amphibian conservation was one of the theme of the programme
