Snehal Patel, President, Nature Club Surat, Gujarat

A. Francis Aloysius, FRO, Kadayam Range KMTR, Tamil Nadu

Anand Pendharkar, Director, SPROUTS, Maharashtra

Many thanks to our education partners here !

We at ZOO, WILD, CBSG, S. Asia, RSG, S&E Asia and our taxon networks are committed to conservation education, but it is not so easy to reach a wide audience.

However, we do reach a very wide audience indeed, as evidenced by list of cities and states listed here.

By working in partnership with all of you (and we have 200 educators on our list of potential invitees) we both can do a better job of providing conservation education throughout a large area. Our donors and sponsors are also pleased. Do keep us informed, however, of how you are using our materials, so we can share this news with them and our readers. We look forward to providing you with more material this coming Wildlife Week.

Plants for Life, for WED & Vanmahotsava, 2005
