The Educational Department of the Guadalajara Zoo in Mexico will host the 15th Congress of the International Zoo Educators Association, which will be held in the year of 2000.

The international Zoological Educators Association (IZE) was formally established in Frankfurt in 1972. It is made up of 350 active members among which are included individual members and institutional members from more than 30 countries around the world. Every two years the IZE organizes a Congress.

It is a great opportunity for Latin America to be able to present to colleagues from other continents the programs and activities developed in their institutions for the benefit of the community.

The IZE Congress' 2000 will be held from October 1-6, 2000, in the City of Guadalajara, Jalisco, Mexico, in the Hotel Presidente Intercontinental.

Thank you for your support and we hope to see you in the near future. Sincerely,
